

**REMARKS**

This amendment is in response to the Office Action mailed June 1, 2007. In this Office Action the Examiner rejects Claims 1-2 and 4-21. The Examiner also indicates Claim 3 would be allowed if rewritten in independent form including all limitation of the base claim and any interviewing claim.

In response Claim 1-2 and 4-21 are cancelled without prejudice. Applicants will continue prosecution of these claims in a Continuation Application.

Claim 3 is amended to comply with conditions set forth by the Examiner and is now allowable.

**RESERVATION OF RIGHTS**

Applicants have amended claims 3 in this application and cancelled claims 1-2 and 4-21 from further consideration in this application. Applicants are not conceding in this application that those claims are not patentable over the art cited by the Examiner, as the present claim amendments and cancellations are only for facilitating expeditious prosecution of the allowable subject matter noted by the Examiner. Applicants respectfully reserve the right to pursue these and other claims in one or more continuations and/or divisional patent applications.

**CONCLUSION**

It is believed the present amendment put Claim 3 in condition for allowance which is earnestly solicited. Further upon allowance of Claim 3, it is requested the present application be forwarded to the Issue Branch for issuance without delay.

Respectfully submitted,
